The Congregational Church of Mt. Dora, FL was able to repair their roof.

Group from Stanton, MI

Hosanna Industries, PA, First Congregational Church of Stanton, MI, and Olivet College, MI (twice) have sent groups to Texas to help in their recovery.

Mission Updates

Sunbeam coming into Matinicus Harbor, ME

The *Maine Seacoast Mission*, continues its "mission" to serve Maine's island and coastal communities.

Its long history (113 years!) hasn't kept it from looking ahead. *Mission 2020*, their strategic plan, calls for new work on the islands and expanded emphasis on youth graduating from college and training programs.

Mission School of Hope, Cameroon, is working on one of 4 new school buildings for the Mission.

Building the foundation

Morgan Scott Project, TN will be saying good bye to Ella Smith in August, 2018. She will be retiring. The new director has not been identified yet.

Christ to the Villages, Nigeria, is looking into large scale or commercial farming. They have purchased land but need farm equipment, quality seeds and irrigation equipment.

Fishers of Men, Mexico, would love to have volunteers come to their mission. They also operate medical brigades taking health care to the outlying villages. You do not need to know Spanish to volunteer with them.

Indian Community Fellowship, India, opened a new church in Bhutan. This country is closed to Evangelism. The church worships in secret.

Prayers

NACC Philippines: health concerns for Nannie Castillo, founder of the mission.

Pray for the work groups that will be helping in the hurricane ravished areas of Texas and Puerto Rico.
